

Satisfaction Survey for the Rape Crisis Centre Garda Accompaniment Service

Thank you for agreeing to share your experience of having been accompanied to An Garda Síochána by a Rape Crisis Centre staff member/volunteer.

We are asking for this information to help us provide the very highest standards of service to survivors. The information you supply will remain anonymous and only be used to improve our services and training.

-
1. How did you hear of the Rape Crisis Garda Accompaniment Service?
(E.g. Through your existing contact with a Rape Crisis Centre, The Media, Leaflet, etc.)

2. How important was it to you to have accompaniment when you made the decision to make a formal report of what happened to you? Did having accompaniment available influence your decision?

3. What were the best aspects of the support you received?

4. What aspects (if any) of the support you received could be improved in future?

5. Any additional comment you wish to make?

On behalf of all our member Rape Crisis Centres, I would like to thank you sincerely for taking the time to complete this questionnaire. Telling us about your experience will help us to help those who go after you.

Please return this form (in a sealed envelope) to the person accompanying you to the Garda Station or other venue, or post directly to:
